Version: 3.0.0

## SEDAPAC-...WS / SEDAFILL-...WS

### 1. Identification of the substance/mixture and of the company/undertaking

1.1	Product identifier	SEDAPAC-...WS / SEDAFILL-...WS
	REACH Registration No.	01-2119537440-47-XXXX
1.2	Relevant identified uses of the substance or mixture, and uses advised against	Solid matter for drying of liquids and gases
1.3	Details of the supplier of the Safety Data Sheet	nano-purification solutions 5509 David Cox Road Charlotte, NC 28269 USA ☎ +1 704 897 2182 <a href="mailto:support@nano-purification.com">support@nano-purification.com</a>
1.4	Emergency telephone number	+49(0)2054-8735-0 Office time Mo-Fr 08:00 – 17:00

### 2. Hazards identification

2.1	Classification according to Directive (EC) Nr. 1999/45	The product is not subject to classification according to EC-Regulation
	Classification according to Regulation (EC) Nr. 1272/2008, appendix VII	The product is not subject to classification according to EC-Regulation
2.2	Labelling according to Regulation (EC) Nr. 1272/2008	The product is not subject to labelling according to EC-Regulation
	Signal word	Inapplicable
	Hazards statements	Inapplicable
	Precautionary statements	Inapplicable
2.3	Other Hazards	No special hazards known, when the specifications and instructions for storage and handling are considered

### 3. Composition/Information on ingredients

#### 3.1 Substances

<u>Ingredient declaration according to Regulation (EC) Nr. 1272/2008:</u>				
Dangerous substance	EG-Number	CAS No.	Weight % content	Classification
No dangerous substance				Inapplicable
Ingredients				
Aluminium silicate	215-475-1	1327-36-2	99,75	Inapplicable
Substance without classification can be have country-specific workplace exposure limits				
<u>Ingredient declaration according to Directive (EC) Nr. 1999/45 :</u>				

# Safety Data Sheet

referring to Regulation (EC) Nr. 1907/2006 (REACH)

Name: SEDAPAC-...WS / SEDAFILL-...WS

Side2 of 7

Modified: 05. March 2020

SDB-Nr. 152\_20200305

Print Date: 05. March 2020

Version: 3.0.0

	Inapplicable
	Substance without classification can be have country-specific workplace exposure limits
3.2 Mixture	This product is a substance
For full text R+S-phrases or H+P-statements see section 16	

## 4. First aid measures

4.1 Description of first aid measures	
Generell notes	Remove contaminated clothing
Following inhalation	Remove to fresh air; if symptoms persist, get medical attention
Following skin contact	Wash with water and soap
Following eye contact	Rinse cautiously with water or eye-cleaning solution for several minutes; keeping lids wide open; if symptoms persist, get medical attention
Following ingestion	Rinse mouth and drink plenty of water; if symptoms persist, get medical attention
4.2 Most important symptoms and effects, both acute and delayed	Specific responses of the human body on the product are not known
4.3 Indication of any immediate medical attention and special treatment needed	Symptomatic treatment (Decontamination, Vital-functions)

## 5. Firefighting measures

5.1 Extinguishing media	
Suitable extinguishing media	Carbon dioxide, dry chemical, foam, water spray; product himself does not burn; use fire extinguishing methods suitable to surrounding conditions
Unsuitable extinguishing media	None known
5.2 Special hazards arising from the substance or mixture	None known
5.3 Advice for firefighters	Wear self-contained breathing apparatus

## 6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures	Avoid dust formation; do not breathe dust, avoid contact with skin, eyes and clothing; use personal protective equipment
6.2 Environmental precautions	Avoid release to the environment
6.3 Methods and material for containment and cleaning up	Avoid generation of dust; sweep the spill area; swept material disposed of properly, if possible recovery for processing
6.4 Reference to other sections	Notes see section 7, 8 and 13

## 7. Handling and storage

7.1 Precautions for safe handling	Avoid dust formation and deposition of dust; provide good ventilation
7.2 Conditions for safe storage, including any incompatibilities	Suitable materials for containers: carbon steel (iron), Low density polyethylene (LPDE), high density polyethylene (HDPE); keep container tightly closed and dry; Precautions against fire and explosion: the product is neither self-ignitable, nor an explosion hazard, nor does it promote fires

Modified: 05. March 2020

SDB-Nr. 152\_20200305

Print Date: 05. March 2020

Version: 3.0.0

TRGS 510 storage class: (13) non combustible materials

7.3 Specific end use(s) Among the relevant identified uses according to section 1, the instructions mentioned in this section should be noted

## 8. Exposure controls/personal protection

### 8.1 Control parameters

No Occupational Exposure Limit Value known

Ingredients	Typ	mg/l	Category
Aluminate silicate	PNEC	4,1	Fresh Water
		0,082	Seawater
		25	Sporadic release
Ingredients	Typ	mg/m <sup>3</sup>	Category
Aluminate silicate	DNEL	3	Short-term exposure - local effects, inhalation
		3	Short-term exposure - systematic effects, inhalation
		3	Long-term exposure - local effects, inhalation
		3	Long-term exposure - systematic effects, inhalation

### 8.2 Exposure controls

Appropriate engineering controls	Good ventilation	
Eye and face protection	Safety glasses	Safety glasses according to EC 166:2001
Skin protection	Protective gloves	Wear gloves for protection against chemical hazards according to EN 388; the selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer; recommended: Nitrile rubber NBR or Butyl rubber BR, thickness $\geq 0,11$ mm; Penetration time of glove material: EN 420 – Minimum requirements for efficiency level 1 for all groups, 480 minutes penetration time according to EN 374, Part 3: Level 6; check the condition of the gloves prior to each use; preventive skin protection by use of skin-protecting agents is recommended; after use of gloves apply skin-cleaning agents and skin cosmetics
	Other protective measures	Body protection: must be chosen based on level of activity and exposure
Respiratory protection	Particulate filters P1 / FFP1	Breathing protection if dusts are formed; Particle filter with low efficiency for solid particles
Thermal Hazards	Inapplicable	
General protective and hygienic measures	When using do not eat, drink or smoke; before breaks and end of work wash hands and/or face	

## 9. Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

# Safety Data Sheet

referring to Regulation (EC) Nr. 1907/2006 (REACH)

Name: SEDAPAC-...WS / SEDAFILL-...WS

Side4 of 7

Modified: 05. March 2020  
Print Date: 05. March 2020

SDB-Nr. 152\_20200305  
Version: 3.0.0

Appearance (physical state, colour)	Solid, Beads, Light brown to Brown
Odour	Odourless
Odour threshold	Not applicable
pH	4
Melting point/Freezing point	> 550°C (1.013 hPa) not determined, product decomposes
Initial boiling point and boiling range	1.013 hPa not applicable, solid with melting-point above 300°C
Flash point	Not applicable, product is solid
Evaporation rate	Not applicable, product is non-volatile solid
Flammability (solid, gas)	Product is not flammable
Upper/lower flammability or explosive limits	For solids not classification- or identification-relevant
Vapour pressure	Not applicable, solid with melting-point above 300°C
Vapour density	Not applicable, product is non-volatile solid
Relative density	2.143 g/cm <sup>3</sup> (20°C) Bulk density: 400-900 kg/m <sup>3</sup>
Solubility(ies)	Not soluble
Partition coefficient: n-octanl/water	The value has not be determined, because the substance is inorganic
Auto-ignition temperature	Product is not auto-igniting
Decomposition temperature	No decomposition when the specifications and instructions for storage and handling are considered
Viscosity	Not applicable, product is solid
Explosive properties	Product is not explosive
Oxidising properties	Experimentel not determined
9.2 Other information	Other physical and chemical parameters have not been determined

## 10. Stability and Reactivity

10.1 Reactivity	No hazardous reactions when the specifications and instructions for storage and handling are considered
10.2 Chemical stability	The product is chemically stable
10.3 Possibility of hazardous reactions	No dangerous reactions known
10.4 Conditions to avoid	Avoid dust formation; avoid moisture
10.5 Incompatible materials	No incompatible materials known
10.6 Hazerdous decomposition products	No hazardous decomposition products known

## 11. Toxicological information

### 11.1 Information on toxicological effects for mixtures

Acute toxicity	Virtually nontoxic after a single ingestion		
	Experimental calculated date:		
	Oral	LD50	> 5000 mg/kg (rat) OECD Guideline 401
	The statement for acute oral toxicity was derived from products of similar composition		
Irritation	No irritation effect to the skin, no irritation effect to the eyes		
Corrosivity	None known		

# Safety Data Sheet

referring to Regulation (EC) Nr. 1907/2006 (REACH)

Name: SEDAPAC-...WS / SEDAFILL-...WS

Side5 of 7

Modified: 05. March 2020

SDB-Nr. 152\_20200305

Print Date: 05. March 2020

Version: 3.0.0

Sensitisation	Skin sensitizing effects were not observed in animal studies
Repeated dose toxicity	No data available
Carcinogenicity	No data available
Mutagenicity	The product shows in bacteria no mutagenic properties
Toxicity for reproduction	No data available
Other toxicity information	Due to the consistency and low water solubility of the product bioavailability is not probably

## 12. Ecological information

### 12.1 Toxicity

The product has not been tested; the statement has been derived from products of a similar structure or composition	Fish toxicity	LC 50 (96h)	10.000 mg/l (Brachydanio rerio)
	Water flea toxicity	EC50 (24h)	1.000 mg/l (Daphnia magna) OECD TG 202
	Algae toxicity	EC50 (72h)	10.000 mg/l (Scenedesmus subspicatus)
	Bacterial toxicity		No data available

12.2 Persistence and degradability Not applicable for inorganic substances

12.3 Bioaccumulative potential Accumulation in organisms is not to be expected

12.4 Mobility in soil A binding to the solid soil phase is not to be expected

12.5 Results of PBT and vPvB assessment The mixture does not contain any substances that are assessed to be a PBT or a vPvB

12.6 Other adverse effects No known adverse effects

## 13. Disposal considerations

13.1 Waste treatment methods	The product should be disposed in line with regional, national and European legislation, and possible adaption to local conditions
Waste codes (EWC/EAK)	The disposal must be done in accordance with the waste management legislation; EWC waste codes are industry and process specific, therefore waste classification has to be done by the waste producer
Packaging	Disposal must be made according to official regulations

## 14. Transport information

14.1 UN-Number	Not classified as a dangerous good according to EC-Regulation
14.2 UN proper shipping name	Inapplicable
14.3 Transport hazard class(es)	Inapplicable
Hazard label	Inapplicable
14.4 Packing group	Inapplicable
14.5 Environmental hazards	Inapplicable
14.6 Special precautions for user	See section 6-8
14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code	Inapplicable

15. Regulatory information	
<b>15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture</b>	
Hazard pictograms	The product does not require a hazard warning label in accordance with EC Directives
Signal word	Inapplicable
Contains	Aluminium silicate
Hazards statements	Inapplicable
Precautionary statements	Inapplicable
National regulations (Germany)	WGK = 1 (VwVws Appendix I from 30.07.2005): slightly hazardous for water
<b>15.2 Chemical Safety Assessment</b>	<b>Product not classified as hazardous</b>

16. Other information	
Full text of Hazard Information, Hazard Statements and Precautionary Statements, referred to the section 2 and 3	Inapplicable
Training advice	Provide adequate information, instruction and training of users More product information: product data sheets under <a href="http://www.nano-purification.com">www.nano-purification.com</a>
Literature references and source for data
