

# application worksheet

# R

for R<sup>1|2|3|4</sup> refrigerated air dryers

By completing the following information, nano can properly evaluate the specifics of your refrigerated drying application and help determine the best possible solution. Complete and email to support@n-psi.com or fax to 704.897.2183.

## contact information

name phone  
company email  
address  
city state zip  
requested date required date delivery date

## dryer type

R1 cycling refrigerated R2 high temperature cycling refrigerated  
R2 high temperature direct expansion (non-cycling) refrigerated R3 cycling process refrigerated  
R4 direct expansion (non-cycling) refrigerated

## sizing specifications

inlet air flow (scfm) inlet air temp (°F)  
inlet air pressure (psig) ambient temp (°F)  
required dew point (°F) electrical (v/ph/hz)

## dryer options + upgrade

pre filter only (F1) pre and after filters (F2)

## other notes

dimensional limitations (l x w x h) (ins)  
dryer application (ie where/how used)
